

APD Posting and Processing

APD Posting and Processing

Goals:

- Posting – How and Why
- Processing – Time Line, Steps, Agency/Operator Responsibilities

APD Posting and Processing

Plan of Attack:

- Posting
- Processing

APD Posting

Public Notice

- 30 days after filing
- In land managing agencies
- Description of proposed action
- Repost for significant changes
- Purpose
- Not to be confused with “processing”

APD Processing

Time Frame

- In Section III E 2 of Order 1 and in Section 366 of the Energy Policy Act of 2005
- Calendar days
- Schedule based on APD filing and APD Complete dates
- NOS follows this track after APD filed

APD Processing

- 10-day letter
- 45 days for operator response
- 30 days after complete
- Approve, Defer, Deny
- Defer
- 2 years for operator response
- 10 days for final action

APD Processing

10-day notification

- Notify the operator if the APD is complete
- APD not complete if no onsite inspection
- Additional deficiencies may be noted at onsite inspection
- Operator has 45 days to respond

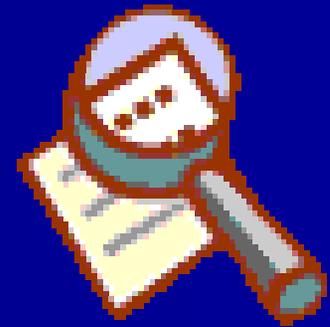

APD Processing

30 Day – Action or Notification

- Action – Approve or Deny
- Notification (Defer)
 - Operator assistance
 - BLM/FS regulatory compliance

APD Processing

- Operator Assistance
- Data gathering
- Prepare analyses
- 2 years to complete action

APD Processing

Final Action

- Deny if operator does not respond
- Final action 10 days after operator response

Valid Period

- 2 years
- 2 year extension possible

APD Posting and Processing

Summary:

- APD Posting (not same as Processing)
- Steps in APD Processing
- Agencies and operators
