

# The Great Basin Landscape Conservation Cooperative invites you to Salt Lake City for a:

## Stakeholder Forum

### Come to the Stakeholder Forum to:

- Select 10 representatives for the Steering Committee from non-governmental and private organizations
- Discuss and develop recommendations for the Steering Committee on issues to focus on as they establish the work plan for the Great Basin LCC
- Provide input on the establishment of initial Issue-based Working Group(s), and gather interest and initiative for participants
- Identify next steps and partnering opportunities

### Everyone is invited!

We especially encourage anyone working on conservation or resource management issues in the Great Basin to attend. Please share this with your professional network.

### Great Basin LCC Mission

The Great Basin Landscape Conservation Cooperative enhances understanding of the effects of changing climate and other natural and human impacts across the region and promotes the coordination of science-based actions to enable human and natural communities to respond and/or adapt to those conditions.

### The Stakeholder Forum

The purpose of the Stakeholder Forum is to include all interested parties in identifying the shared priorities, issues, concerns, and needs for the Great Basin LCC, which will help inform the Steering Committee's development of the LCC's work plan. At the Stakeholder Forum, we will be selecting 10 non-governmental and private organization representatives for the Steering Committee, which will also include Federal, State, and Tribal representatives. Please bring your thoughts and recommendations.
