Subject

Public Comment on Proposed  
Treatments of Vegetation on BLM  
Public Lands in Western U.S.

BLM,

Attached is the comment letter that Malheur County SWCD would like to submit for the record on Proposed Treatments of Vegetation on BLM Public Lands. We are a group that strongly believe in conservation and the good work and correct tools that it takes to accomplish that. The attached letter represents the conservation lead agency in Malheur County Oregon with over 7 million acres of land that is mostly BLM operated. The board voted unanimously to support that and are elected at annual elections by the people of the county. We appreciate your willingness to integrate our comments.

Sincerely,

Lance Phillips  
District Manager  
Malheur County SWCD
