Dear Operator:

AUG 31 2007

The Bureau of Land Management Buffalo Field Office is hosting a satellite network broadcast on Onshore Oil and Gas Order #1, *An Overview of the Application for Permit to Drill Process for The Oil and Gas Industry*, September 13, 2007 @ 9:30am – 12:30pm Mountain Daylight Time. This satellite workshop is sponsored by the BLM Washington Office Fluid Minerals Group in response to a request by BLM's top leadership to develop an outreach program and training on revised Onshore Oil and Gas Order #1 for the oil and gas industry.

This workshop will feature an instructional cadre of BLM and Forest Service fluid minerals specialists who will explain the recent revisions to Onshore Order #1. In addition to pre-recorded instructional presentations, the program will feature a panel of national fluid minerals experts who will discuss details of the revised order and answer questions from viewers. Industry representatives are encouraged to participate in this event at the Buffalo Field Office or from their local office using the C-band Satellite Downlink information provided below. To ensure adequate seating capacity, please respond to Casey Freise @ (307) 684-1189, if you plan on attending the satellite broadcast at the Buffalo Field Office. In addition, one representative per operator is encouraged.
