

Pinedale Anticline Transportation Task Group Meeting

Meeting minutes for 03/08/05
Board Room Sublette County Library, Pinedale, Wyoming

- Attendees, see attached form. No general public's attended the meeting.
Charles Price, Bob Maxam, Richard Kail, Bill Wadsworth
- Minutes from the 02/15/05 meeting were reviewed by the Task Group and approved.
- WYDOT does traffic counts on some of the major County roads.
- Question: How would the traffic data be used we gather and who would be responsible for analyzing the data?
- A concern was raised that the Transportation Report being submitted to PAWG only contained monitoring not recommendations.
- PAWG asked that all task groups reformat their reports to the format Bob Reese emailed out.
- Notes from the PAWG meeting held on 3/3/05 where read (See attached notes).
 - PAWG asked Transportation TG look at the following:
 - Hazmat issue as far response
 - Which roads could be put to bed.
 - Off road vehicle use
 - Monitor construction & maintenance
 - Busing –mass transportation
- The Task Group talked about the above issues and decided:
 - Bob was going to look into the Hazmat response issue.
 - Reclaiming roads would fall under the Reclamation Task Group.
 - Off road vehicle use would be next to impossible to monitor other than having a person out there looking at high use times turn out for the ranchers, hunting season, etc.
 - TG would recommend that the BLM put more emphasis on construction monitoring or hire someone to monitor construction and maintenance.
 - Busing is impossible due to nature of the operation.
- Charles to reformat report going from the Transportation Task Group to PAWG for review at next meeting.
- Next meeting 03/29/05 Sublette County Library at 1 PM.
- Meeting adjourned:

Certified as Accurate
Chairman Transportation Task Group
