

Meeting Visibility Milestone #2

PAPA FSEIS ROD 2008

- Visibility Milestone #2:
 - Within 42 months of the signing of the ROD:
 - March 2012
 - Visibility impacts will be no greater than 10 days of visibility impairment over 1 dv at the Bridger Wilderness Area
 - Operators must demonstrate progress in meeting milestones annually

Meeting Visibility Milestone #2

October 27, 2011 meeting

- Ultra, SWEPI, and QEP Energy (Operators), BLM, WYDEQ-AQD, and EPA met to:
 - Discuss the Operators' approach and process for meeting Visibility Milestone #2
 - Operators would like the agencies to agree to their approach
 - On November 3, 2011, the Operators submitted their formal proposal to BLM

Meeting Visibility Milestone #2

Current Status

- We have received the Operators' proposal
- We are currently on track for meeting Milestone #2
- We should be able to determine that by March 2012 as prescribed by in the ROD
- BLM is working out a methodology now with the WYDEQ-AQD and EPA as to how we will determine whether the milestone is met
