

- No Surface Occupancy
 - Boars Tusk
 - Indian Gap (with 100 ft. buffer)
 - White Mountain Petroglyphs Vista
 - Oregon Buttes ACEC
 - Greater Sand Dunes ACEC (Developed recreation sites and OHV parking lot)
 - Tri-territory Marker
 - Crookston Ranch (with 100 ft. buffer)
 - Raptor Nest Sites (active)
 - South Pass Historic Landscape ACEC (visible portion)
 - Special Status Plants
 - Pinnacles Proper
 - Sensitive Resources

- Controlled Surface Use
 - Greater Sage-Grouse Winter Range**
 - Greater Sage-Grouse Lek (with 1/4 Mile buffer)
 - Wetlands, Riparian Areas, and Floodplains (with 500 ft. buffer)
 - National Historic Trails (with 1/4 mile buffer)
 - Slopes > 20%
 - Special Status Plants Potential Habitat
 - West Sand Dunes Archaeological District
 - Pinnacles Geologic Feature
 - Potential Greater Sage-Grouse Nesting Habitat*
 - All ACECs except Oregon Buttes ACEC
 - Areas Adjacent to Wilderness Study Areas
 - Portion of White Mountain Steamboat Mountain Management Area
 - Sensitive Resources
 - South Pass Historic Landscape ACEC (portion not visible)

- Seasonal Limitations
 - Antelope Crucial Habitat
 - Elk Crucial Habitat
 - Mule Deer Crucial Habitat
 - Elk Birthing Areas
 - Mule Deer Birthing Areas
 - Mountain Plover Aggregation Areas (with 1/4 mile buffer)
 - Raptor Nesting Sites (with 1/2 to 1 mile buffer)
 - Greater Sage-Grouse Lek (with 1/4 Mile buffer)
 - Potential Greater Sage-Grouse Nesting Habitat*
 - Greater Sage-Grouse Winter Range**

- Core Area
- JMH Boundary

Map 50
Proposed JMH CAP
**Surface Disturbance
and Seasonal Limitations**
All Resource Categories

*Only 50% of the area is expected to be suitable habitat
**Only sagebrush vegetation is expected to be suitable habitat
