Mr. Robinson:

I've reviewed the above referenced document and it appears to accurately reflect the role of the Water Quality Division of the WY DEQ in the project. My only suggestion would be to update the information on page 10 to indicate that the UIC permit is now likely to receive approval in early January 2010. I also believe that LUCA has delayed their appearance before the WOGCC to January 10, 2012.
