RE: letter received from Patriot Energy Resources LLC

To whom it may concern:

I recently received a letter regarding the renewal of production of natural gas by Patriot Energy Resources. I have researched this project in the Powder River Basin by visiting several websites concerning this method of renewal.

Our ranch is currently leased by JM Huber but has recently been sold to Battalion Resources. I feel that our Pilch Ranch LLC would be a good project for this renewal process. I agree with all of the paragraphs in the letter, and do qualify for paragraph twenty. I also strongly agree with paragraph two and four.

Sincerely yours,

Joe A. Pilch
Agent for Pilch Ranch LLC
