

Figure 1: View south at the Archery Range Road from the junction with Micro Road. The road begins on private land at the road junction.

Figure 2: View south along the road as it enters the north boundary of public land.

Figure 3: View north back across the Group 10 area from the north end of public land. The Group 10 mine area is to the upper right corner of the photo.

Figure 4: Closer view of the Group 10 area looking east from the Micro Road junction.

Figure 5: View looking south on public land at a low area along the road. The approaches to this area are the steepest segments along the road.

Figure 6: View north from the south end of public land. The low area is at the opening in the trees to the left of the photo.

Figure 7: View southwest across private land just south of the public land.

Figure 8: View southwest along the road on the Wyoming Girl Scout Council property under patent #1234368.

Figure 9: View south on private land at the south end of the Wyoming Girl Scout Council patent #1234368.

Figure 10: View south on private land north of the Archery Range.

Figure 11: View north at the north boundary of the Archery Range.

Figure 12: View south at the gate controlling access beyond the south end of the Archery Range.
