

CONTENTS

This is Volume I. It contains Chapters I through IV of Part I, the regional analysis.

SUMMARY TABLE OF CONTENTS

This environmental statement is presented in six parts as follows:

Part I:	Regional Analysis - A consideration of the Eastern Powder River Coal Basin, its environment, and projected development through 1990.	
	<u>Chapters I - IV. Introduction, Potential Development, Development and Distribution Models, and Description of the Environment</u>	Vol. I
	<u>Chapters V - XI. Probable Impacts, Mitigating Measures, Unavoidable Adverse Effects, Alternatives, Relationships Between Short and Long Term Uses, Irreversible Commitments and Coordination</u>	Vol. II
Part II:	Proposed railroad construction by Burlington Northern Inc. and the Chicago and North Western Transportation Company	Vol. III
Part III:	Proposed mining and reclamation by Atlantic Richfield Company	Vol. III
Part IV:	Proposed mining and reclamation by Carter Oil Company	Vol. IV
Part V:	Proposed mining and reclamation by Kerr-McGee Coal Corporation	Vol. IV
Part VI:	Proposed mining and reclamation by Wyodak Resource Development Corp.	Vol. IV
	Appendices	Vol. V
	Comments received at public hearings and by mail and responses	Vol. VI

A detailed table of contents of this volume begins on the following page.

VOLUME I

PREFACE

PART I. REGIONAL ANALYSIS

Chapter

- I. INTRODUCTION I-1
 - Specific Applications I-1
 - Institutional Arrangements I-7
 - Geographic Area Relationship I-16

- II. POTENTIAL DEVELOPMENT. I-21
 - Coal Development I-21
 - Exportation of Coal I-35
 - Mine Mouth Power Generation I-38
 - Gasification I-40
 - Other Industrialization I-42
 - Modes of Distribution I-45
 - Water Requirements I-52
 - Assumption and Analysis Guidelines I-56

- III. DESCRIPTION OF DEVELOPMENT, ENERGY CONVERSION AND DISTRIBUTION SYSTEM MODELS. I-61
 - Mining Operations. I-61
 - Utilization Processes. I-91
 - Distribution Systems I-105
 - Waste Disposal Systems I-111

- IV. DESCRIPTION OF THE EXISTING ENVIRONMENT. I-115
 - Climate. I-115
 - Air Quality. I-127
 - Topography I-137
 - Soils. I-142
 - Mineral Resources. I-156
 - Water Resources. I-195
 - Vegetation I-268
 - Archeological and Paleotological Values. I-278
 - Historical Values I-292
 - Aesthetics I-312
 - Wildlife and Fish I-320
 - Recreation Resources I-347
 - Agriculture I-369
 - Transportation Networks I-381
 - Land Use Controls and Constraints. I-388
 - Socio-Economic Conditions. I-392
