SCOPING NOTICE
Gary-Williams Production Company
GWPC #33-14D Exploratory Well, Production Facilities, and Pipeline Development

Dear Reader,

Gary-Williams Production Company (Gary-Williams) has applied to the Bureau of Land Management (BLM) for authorization to drill one exploratory gas well (GWPC #33-14D), develop the associated production facilities, and construct an access road and pipeline in Lincoln County, Wyoming (Figure 1.1). The proposed project is located in Section 14, Township 22 North, Range 117 West, 6th Principal Meridian approximately 22 miles northwest of Kemmerer, Wyoming, west of State Highway 189 in Lincoln County, Wyoming. One additional well may be directionally drilled off of the same pad pending the production potential results of the GWPC #33-14D.

The exploratory well would be drilled on BLM surface and would include the development of an access road, off-site production facilities, and a gas pipeline in the event that the well is a producer. The proposed well pad location was chosen to accommodate two wells that could be directionally drilled from a common pad utilizing the same production facilities.

(Please reference the Gary-Williams Project in the subject field)

Written comments in response to this notice, including the names and addresses of respondents, will be available for public review at the BLM Kemmerer Field Office during regular business hours (7:45 a.m. through 4:30 p.m.) Monday through Friday (except federal holidays) after the comment period closes. These comments may be published as part of the environmental process although individual respondents may request confidentiality. If you wish to withhold your name and/or address from public view or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses will be made available for public inspection in their entirety. You have been included in this mailing because you previously indicated interest in receiving information on actions of this type.

Enclosed with this scoping notice is a notification card. If you would like to receive a copy of the environmental document, please return the card. If you have questions regarding this project or the NEPA process, please contact Kelli Taylor at (307) 828-4507.

Sincerely,

John Christensen
Field Manager
