Subject
public comment on federal register
attached below - moxa arch
development project wyoming

noa deis kemmerer wyoming with almost 2000 wells drilled to ruin the environment when we should get getting new energy from wind and solar power - taking usfws land and killing birds/wildlife galore, as well as people with this earth destruction.

i oppose this plan in its entirety. it is time to stop destroying earth and move to power that is non destructive. we need to think smaller and wiser not continue in this 1860 mode. this is what happens when you get oil men in the presidency--horrible abuse to the land.

> Notice of availability of the Draft Environmental Impact Statement for
> the Moxa Arch Area Infill Gas Development Project, WY
>
> AGENCY: Bureau of Land Management, Interior.
>
> ACTION: Notice of Availability of the Draft Environmental Impact
> Statement (DEIS) for the Moxa Arch Area Infill Gas Development
> Project, Kemmerer, Wyoming.

>
>

>
> SUMMARY: In accordance with the National
> Environmental

> Policy Act
> (NEPA) of 1969 as amended, and the Federal Land
> Policy
> and Management
> Act of 1976, the Bureau of Land Management (BLM)
> announces the
> availability of the Moxa Arch Area Infill Gas
> Development Project DEIS.
> The DEIS analyzes the environmental consequences of
> a
> proposed natural
> gas development and production operation on the
> 475,808 acre Moxa Arch
> project area.
>
> DATES: The DEIS will be available for public review
> and comment for 60
> calendar days starting on the date the Environmental
> Protection Agency
> (EPA) publishes their Notice of Availability in the
> Federal Register.
> The BLM can best utilize your comments and resource
> information
> submissions within the 60-day review period.
>
> ADDRESSES: A copy of the DEIS has been sent to
> affected Federal, State,
> and local government agencies and to interested
> parties. The document
> will be available electronically on the following
> Web
> site:
>
http://www.blm.gov/wy/st/en/info/NEPA/kfodocs/moxa_arch.html
> .
>
> If you are interested in viewing material
> referenced or posted to
> the BLM Web site, please contact the Kemmerer Field
> Office as to its
> availability. Copies of the DEIS will be available
> for
> public
> inspection at the following locations:
> Bureau of Land Management, Wyoming State
> Office,
> 5353
> Yellowstone Road, Cheyenne, Wyoming 82009; and
> Bureau of Land Management, Kemmerer Field
> Office,
> 312
> Highway 189 North, Kemmerer, Wyoming 83101.
>
> [[Page 58114]]
>
> (For additional information on how to submit
> comments,

> refer to the
> Supplementary Information section below.)
>
> FOR FURTHER INFORMATION CONTACT: Michele Easley,
> Project Lead, BLM
> Kemmerer Field Office, 312 Highway 189 North,
> Kemmerer, Wyoming 83101,
> or by telephone at (307) 828-4524. Requests for
> information also may be
> sent electronically to: kemmerer_wymail@blm.gov with
> ``Attention: Moxa
> Arch DEIS Information Request'' in the subject line.
>
> SUPPLEMENTARY INFORMATION: The area is located
> within
> the
> administrative jurisdiction of the BLM Kemmerer
> Field
> Office, Townships
> 15 through 23 North (T15-23N), Ranges 111 through
> 113
> West (R111-113W),
> 6th Principal Meridian, west of Green River,
> Wyoming,
> east of Lyman and
> Opal, Wyoming, and south of the Green River and
> Fontenelle Reservoir.
> Interstate 80 (I-80) bisects the southern third of
> the
> Project Area.
> EOG Resources, Inc. (EOG) and other companies
> (Operators) propose
> to expand the existing natural gas drilling and
> field
> development
> operations on BLM-administered Federal, state, and
> private lands in the
> Moxa Arch Area of southwestern Wyoming. The
> Operators
> propose to drill
> up to 1,861 new wells from 1,861 new well pads over
> a
> 10-year period.
> Wells would be drilled to the Frontier and Dakota
> formations at depths
> of 11,000 to 12,000 feet. The Life-of-Project is
> expected to be 40 to
> 60 years and the wells would be drilled at densities
> ranging from 4-12
> wells per square mile. Of the 1,861 wells, 695 would
> be drilled from
> lands administered by the BLM, Bureau of
> Reclamation,
> and U.S. Fish and
> Wildlife Service. The remaining 1,166 wells would be
> drilled from
> private lands, or lands administered by the State of

> Wyoming.
> The BLM published its Notice of Intent to
> prepare
> an EIS for the
> Moxa Arch Area Infill Gas Development Project in the
> Federal Register
> on October 7, 2005. Based upon issues and concerns
> identified during
> scoping and throughout the NEPA process, the Moxa
> Arch
> Area Infill Gas
> Development Project DEIS focuses on potential
> impacts
> to air quality,
> biological and physical resources, transportation,
> socio-economics, and
> grazing. In compliance with Section 7(c) of the
> Endangered Species Act,
> as amended, the DEIS includes a biological
> assessment
> for the purpose
> of identifying endangered or threatened species,
> which
> may be affected
> by the Proposed Action.
> The current identified range of alternatives
> will
> allow the BLM to
> select a management strategy that will meet project
> objectives, while
> providing adequate environmental protection. During
> scoping and
> alternatives development, few public comments were
> received. The BLM is
> seeking additional public input, and has not
> identified a preferred
> alternative at this time. The DEIS analyzes four
> alternatives in
> detail:
> The Proposed Action Alternative: The
> construction
> of well
> pads, access roads, pipelines, and other ancillary
> facilities (gas
> processing plant, compressor stations, etc.) for
> projected development
> of 1,861 natural gas wells;
> Alternative A (No Action): Development of
> approximately
> 757 new wells would continue under the 1997 Record
> of
> Decision for the
> Expanded Moxa Arch Area Natural Gas Development
> Project EIS;
> Alternative B: Development would occur as in
> the
> Proposed

> Action, but would apply additional Best Management
> Practices to reduce
> impacts on sensitive resources; and
> Alternative C: Development of 5,165 new wells
> and
> well
> pads throughout the Moxa Arch gas field (densities
> ranging from 4-16
> wells per square mile).
> Comments may be submitted as follows:
> 1. Electronically mailed to
> kemmerer_wymail@blm.gov. Please submit
> comments with ``Attn: Moxa Arch Project Manager'' in
> the subject line
> and do not use special characters or any form of
> encryption. Do not
> include attachments, as the BLM e-mail security
> system
> will not accept
> them. If you do not receive a confirmation of
> receipt
> of your comment,
> contact Michele Easley at the same address or
> telephone number provided
> in the FOR FURTHER INFORMATION section.
> 2. Written comments may be mailed or delivered
> to
> the BLM at: Moxa
> Arch DEIS, Project Manager, Bureau of Land
> Management
> Kemmerer Field
> Office, 312 Highway 189 North, Kemmerer, WY 83101.
> The BLM will only accept comments on the Moxa
> Arch
> DEIS if they are
> submitted using one of the methods described above.
> All comment
> submittals must include the commenter's name and
> street address.
> Before including your address, phone number,
> e-mail address, or
> other personal identifying information in your
> comment, be advised that
> your entire comment--including your personal
> identifying information--
> may be made publicly available at any time. While
> you
> can ask us in
> your comment to withhold from public review your
> personal identifying
> information, we cannot guarantee that we will be
> able
> to do so.
