

Appendix A
for the
February 2015 Lease Parcel EA
DOI-BLM-WY-050-EA-14-49

Parcel Descriptions with Stipulations

The nominated parcels are listed below with the stipulations that would be applied under Alternative 2. These stipulations are consistent with approved Resource Management Plans for the Cody, Lander, and Worland (Washakie and Grass Creek) Field Offices. Included are the parcels that would be recommended for deferral under Alternative 3 for reasons as identified in the EA and summarized in Appendix D – Offer and Deferral Summary.

Cody Field Office

WY-1502-210 960.000 Acres
T.0520N, R.0940W, 06th PM, WY

Special Lease Notices: (1) There is a single unplugged wellbore and other facilities located on this parcel. For more information, please contact David Seward at the Cody Field Office at (307) 578-5941. (2) This lease may be located near cultural resources

subject to protection under the National Historic Preservation Act of 1966, as amended (16 U.S.C. § 470 et seq.) including segments of important regional linear historic resources. Prior to authorization of surface-disturbing activities on the lease, the BLM may be required to consult with the Wyoming State Historic Preservation Office. Lease operations will be required to comply with applicable requirements of the National Historic Preservation Act and other laws and regulations. Under the standard lease terms and in accordance with 43 CFR 3101.1-2, the BLM may require measures to ensure protection of cultural resources, such as ensuring that proposed infrastructure is either not visible or will result in a weak contrast rating.

TLS (1) Apr 10 to Jul 10; (2) as mapped on the Cody Field Office GIS database; (3) protecting nesting Long Billed curlew and/or Mountain plover.

CSU (1) Surface occupancy or use may be restricted or prohibited if paleontological sites exist unless paleontological sites are avoided or the operator and surface managing agency arrive at an acceptable plan for mitigation of anticipated impacts; (2) as mapped on the Cody Field Office GIS database; (3) protecting significant Bighorn Basin paleontological resources.

CSU (1) Surface occupancy or use will be restricted or prohibited unless the operator and surface managing agency arrive at an acceptable plan for mitigation of anticipated impacts; (2) as mapped on the Worland Field Office GIS database; (3) protecting Class I and/or Class II Visual Resource Management Areas.

CSU (1) Surface occupancy or use within the overlapping big game crucial winter ranges will be restricted or prohibited unless the operator and surface managing agency arrive at an acceptable plan for mitigation of anticipated impacts. This may include development, operations and maintenance of facilities; (2) as mapped on the Worland Field Office GIS database; (3) protecting habitat quality and preventing loss of overlapping big game crucial winter ranges.

DEFER PART: WFO recommends deferral based upon the pending release of the Bighorn Basin RMP Revision and potentially significant differences in stipulations that will exist between it and the current Washakie and Grass Creek RMP. Lands with Wilderness Characteristics, MLP, Recreation
