Subject In support of Alternative B Pinedale Anticline

Senator Carlene M. Walker  
4085 East Prospector Drive  
Salt Lake City, UT 84121  
(801) 733-4599

G-1  
SA-12-1

To Whom It May Concern,  
As an elected official of the State of Utah I am voicing my strong support of Alternative B and encourage approval of the new development on the Pinedale Anticline. My constituents will benefit from this plan which will increase our lower-cost gas supply. Under the plan, Pinedale operators will protect the regional air quality by reducing rig emissions and reduce the temporary impact of development on the community. As an elected representative of Utah I am pleased with the way Questar operates at Pinedale and encourage your approval of Alternative B.

Sincerely,  
Carlene M. Walker  
Senate District 8  
Utah State Senate
