

# Chapter 7 — Preparers and Contributors

This EIS was prepared by Greystone, a third-party contractor, under the direction of the BLM. Representatives from the cooperating agencies contributed to and participated in the NEPA process. Technical input regarding the proposed project was provided by the Companies. Table 7-1 through Table 7-6 present the names of individuals and their area or areas of responsibility from the BLM, FS, Greystone, Applied Hydrology Associates, Inc., and Argonne National Laboratories who were involved in the preparation of this EIS. Brief biographical information also is presented.
