Dear Reader:

The Bureau of Land Management's Lander and Rawlins Field Offices have completed a preliminary environmental assessment (EA) for the Red Desert Complex wild horse gather (WY-050-EA11-78). The purpose of this letter is to inform you that a public review for the EA begins on June 27, 2011 and ends July 26, 2011. The preliminary environmental assessment can be found on the BLM's internet site at:

<http://www.blm.gov/wy/st/en/info/NEPA/documents/rfo/red-desert.html>.

A scoping letter for this proposed action was sent on February 25, 2011 and the preliminary EA was posted on the internet on June 27, 2011. Substantive public comments received during the scoping period have been incorporated into the preliminary EA. Additional comments that are received during the public review period will be considered.

If you do not have access to the internet and would like a copy (CD) of the EA, please contact Scott Fluor or Melanie Mirati at the addresses or phone numbers provided below. Comments must be received by the Lander or Rawlins Field Offices by July 26, 2011.
