Dear Reader:

The Bureau of Land Management (BLM), Rock Springs Field Office (RSFO) will be preparing an Environmental Assessment (EA) for the "Luman Rim Project." Yates Petroleum Corporation, Davis Petroleum Corp and Pinnacle Gas Resources, Inc. have indicated their intent to further drill and develop gas resources in the BLM RSFO within Sweetwater County, Wyoming. The project area is located throughout multiple sections within Tps. 23 and 24 N., Rs. 97 and 98 W., 6th Principal Meridian.

The enclosed document serves as notice of the beginning of the environmental analysis process to fulfill the requirements of the National Environmental Policy Act. The 30-day scoping period will begin on May 21, 2008, and end on June 19, 2008. If you are interested in participating in the process and have concerns, issues, or alternatives you would like to see addressed, we request you respond by supplying your written or e-mail comments to:
