Dear Permittees and Interested Public:

We are releasing the enclosed Environmental Assessment (EA), (WY-040-06-067), to interested public and permittees of the Red Desert Allotment for your review and comment. The assessment analyzes the environmental impact of a proposal from Hellyer Limited Partnership to convert their presently permitted sheep use, to use by cattle in the Red Desert Allotment. Should you wish to comment on this analysis, you have until July 31, 2007 to provide your comments to the Rock Springs Field Office for consideration. The EA can also be found on Bureau of Land Management website at: <http://www.blm.gov/wy>.

If you have any questions prior to submitting your comments, please contact John Henderson at (307) 352-0220 or Jonathan Sheeler at (307) 352-0252.

Sincerely,

Michael R. Holbert
Field Manager
