RE: Expression of Interest for Competitive Oil and Gas Leasing dated January 23, 2015
Township 57 North, Range 72 West, 6th P.M.
Section 27: SE1/4NW1/4, NE1/4SW1/4

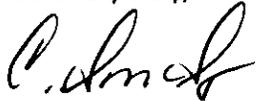

Dear Mr. Hite,

Attached is a copy of an Expressions of Interest that we have filed with your office on January 23, 2015. It is my client's understanding that the Buffalo Resource Management Plan is expected to be signed in September to coincide with the court-ordered deadline for the US Fish and Wildlife to make a decision on the Greater Sage Grouse.

This letter is intended to verify and confirm that my client still desires that the tract described above be placed up for bid at the next available sale. It is their expectation that by confirming their continued interest in these tracts that some that the parcel may be available for bid on the August, 2016 sale. Because of the passage of time since the original Expressions of Interest was filed with your office I also want to inform you that we have determined that as of August 24, 2015, there have not been any changes to the surface ownership.

Should you have any questions, or need any additional information, please don't hesitate to call me at the above phone number. Thank you for your help in this matter.

Yours very truly,

C. Steven Stacy,
