Re: Protest of Dec. 2, 2008 Competitive Oil and Gas Sale

Protest of 14 parcels. Specific parcels protected include: Parcels WY-0812-177, WY-0812-178, WY-0812-179, WY-0812-180, WY-0812-181, WY-0812-182, WY-0812-183, WY-0812-186, WY-0812-187, WY-0812-188, WY-0812-189, WY-0812-190 and WY-0812-192.

Dear Director Simpson:

I hereby protest the inclusion of the above referenced parcels in the lease sale advertised by the Bureau of Land Management of October 17, 2008. I request the above parcels be withdrawn from sale because I would like to see my family hunt on Little Mountain. I would love to get the chance to teach my children to hunt on the Mountain. I would like to still fish and camp on Little Mountain with my family. My family put in for special permits every year for Little Mountain. Please don't drill and take that away from us. There are better places to drill for example Wamsutter. We don't need another Jonah Field. Rig hands usually poach animals in the area they are working example Delany Rim. We don't need them to start on Little Mountain. The garbage is everywhere they don't even throw it in the bins provided. We have enough junk in the open fields we don't need to have the mountains looking like the other Rigs. They are not always supervised when they are drilling. We are in despite need for the wildlife we have. So PLEASE DO NOT LEASE LITTLE MOUNTAIN.

Respectfully,
