RE: Protest of Parcels WY-1008-067, 068, 070, and 071

Dear Director Simpson:

We write to ask that you withdraw parcels WY-1008-067, 068, 070, and 071 from the August 3 sale. These parcels include 6300 acres of critical wildlife habitat. In addition, as people who love the Wyoming outdoors, we appreciate the miles of unspoiled vistas. Animals and people need such places left on this earth. The Little Mountain area has thus far managed to remain a healthy and functioning ecosystem. Please help keep it that way, and remove these parcels from sale. Thank you.

Sincerely,

*Michele Irwin & Rob Irwin*
