Dear Chris Hite,

As a long time resident and property owner of [REDACTED], I want to protest the Bureau of Land Managements intention to lease Parcel Wy-1408-041 (previously referred to as Parcel 97), portions of which are located under properties on North and South Monkey Road in Rolling Hills.

Because city water is not available to us, there are approximately 90 occupied properties on North and South Monkey Road that depend on private water wells as our only source of drinking water.

With many Drilling companies, or at least their sub-contractors, exempt from the Safe Drinking Water Act I have serious concerns as to the depletion or contamination of my private water well. I also feel the Bureau of Land Management has not met the obligation under the "Split Estate" policy to carefully consult with the surface owners prior to leasing.

For the above mentioned reasons, I am asking that you remove Wy-1408-041 from the lease auction.

Sincerely,
James Fulkerson
