

Cody Field Office Approved RMP Maintenance Summary Sheet

Below is a summary of the maintenance actions that are fully described in the accompanying spreadsheet titled, *ARMP Maintenance Actions*. The purpose of this summary sheet is to provide the public a succinct, one-stop document for easy identification of maintenance actions conducted by the Cody Field Office.

#2023: Oregon Basin Oil & Gas Management Area

Updated the wording for Record 2023 on page 30 with the correct wording found on page 63 of the ARMP. This will align both occurrences for Record 2023 and ensure the correct language is captured in both locations within the ARMP. The language in the ARMP was updated following the Governor's Consistency Review.

#4107-4110: Sage Grouse Oil & Gas Lease Stipulations

Manage Actions # 4107-4110 were updated to conform to the Wyoming State Office Stipulations Committee language requirements. This is a format change only.

#6199: Mislabeled Record Number (typographic error)

Management Action #6199 on page 118 is mislabeled and is corrected to read 6099.

#6033-6036: Printing Error Correction

Management Action numbers 6033-6036 were omitted in the print version of the ARMP as a result of a printing error. These management actions were considered as part of the FEIS and can be found in the ARMP on ePlanning.

#1045, 4087, 5016, 6051, 6080, 6088, 6097, 6105, 6113, 6121, 7004, 7011, 7041, 7060, 7080: Travel & Transportation Management Language Clarification

Language throughout the ARMP incorrectly states that "motorized vehicle use is limited to designated roads and trails." Management actions in which the incorrect statement is made are updated to say, "motorized vehicle use will be limited to designated roads and trails upon completion of travel and transportation management planning".
