Casper Field Office  
2987 Prospector Drive  
Casper, WY 82604

I'm very concerned about what you're doing with Public Lands for the benefit of the extraction industries. In Platte, Goshen and Converse counties, **as** well **as** other area, you are proposing cutting the amount of critical environmental lands that should be protected. Please do not cave in to the minerals, oil and gas requests for carte-blanche usage of our public lands. Make the oil and gas controls stringent and areas that are important to wildlife habitat and environmentally sensitive be placed off-limits to development.

You must help stop the raping of our environment. Wyoming is becoming a third world country in that anything the extraction industries want they get!

Sincerely.

James McNiece
