**RE: Resource Management Plan**

**Lander Field Office  
1335 Main Street  
Lander, WY 82520**

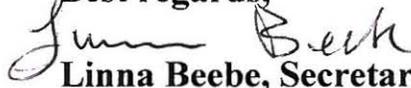

**Dear Sir,**

**Shoshone Rock Club would like to comment on the suggested Resource Management Plans, with four being offered.**

**At this time, we respectfully wish you to honor Alternative A (Current Mangement Plan). We understand this plan has been established since 1987, but to deviate from this plan would be too costly. We wish to continue the status quo for the time being. The financial stability of the country is far more important to consider, than to further burden the state or the country at this time with costly changes.**

**Thank you for your time!**

**Best regards,**

  
**Linna Beebe, Secretary  
Shoshone Rock Club**

**cc: President, SRC, Mary Ann Northrup**
