Subject: BLM Releases Lander Draft RMP and EIS

To Whom it May Concern:

International Petroleum has over 12,000 acres in Fremont County, Wyoming within a Federal Unit on Green Mountain. The majority of the position is comprised of BLM oil and gas leases. We have plans to drill the Unit obligation well in the near future. We do not want the regulations changing in this area.

After review of the proposals, **it is our recommend that the BLM continue to use the current plan in place as identified as Plan A.**

Thank you,

Mark
