

Appendix B. Maps

Maps are included in electronic format. In hardcopy documents, maps can be found on a compact disk (CD) attached to the inside back cover of [Volume 2](#).

The maps provided with this document are for illustrative purposes only and might not accurately reflect all decisions due to the size of the resource area; details can be obscured or not readily apparent, or the size may appear larger on the maps so that the feature stands out when depicted on such a broad scale. The management actions that make up the Lander Proposed Resource Management Plan (RMP) are in all cases the decision and not modified by the manner in which the decision is displayed on the maps.
