Information Bulletin No. WY-2008-17

Expires 09/30/2008

To: Field Offices

From: Acting Deputy State Director, Minerals and Lands

Subject: Wyoming Oil and Gas State Taxes

Attached is the latest summary of oil and gas State taxes for Wyoming. Even though the ad valorem tax rates correspond to 2006 production (latest available), it is appropriate to apply these rates to future production since changes usually vary only slightly from year to year.

Please note there are a number of Wyoming oil and gas severance tax variances available. If you have any questions or comments, please contact Rob Coleman, BLM Wyoming State Office, Branch of Fluid Minerals Operations, Lands and Appraisal at (307) 775-6193.

1 - Wyoming Oil and Gas State Taxes (2 pp.)

D. New Wells Drilled (7/1/93-3/31/03) - **2%** severance tax for 1st 24 months of production up to 60 bbls/day or 6 MCF/bbl gas equivalent.<sup>6</sup>

<u>Wyoming Oil and Gas Conservation Tax</u>	<b>0.040%</b> (effective 7/1/08) <sup>7</sup>
	<b>0.030%</b> (effective 7/1/07)
	<b>0.010%</b> (effective 1/1/06)
	<b>0.020%</b> (effective 7/1/05)
	<b>0.040%</b> (effective 1/1/05)
	<b>0.060%</b> (effective 7/1/04)
	<b>0.080%</b> (effective 3/1/02)

Tribal Severance Tax **8.5%** on non-stripper oil production and gas production (effective 4/1/89)

**4%** on oil stripper wells (10 bpd or less).<sup>8</sup>

Attachment 1-1

<sup>1</sup> Rick Meese, State of Wyoming, Revenue and Taxation Division, Mineral Tax Section, Herschler Building, 122 West 25th Street, Cheyenne, Wyoming, 82002-0110, 307-777-7867, Fax, 307-777-7849, (rmeese@state.wy.us). The historical 6% severance tax on normal production is imposed by four subsections (i, ii, iii, and iv) of Wyoming Statute (W.S.), 39-14-204(a), each subsection imposing a (excise) tax. On March 3, 1999, House Bill 274 was signed into law. This legislation modifies W.S. 39-14-204(a)(iii) and (iv) to reduce the severance tax in each subsection on crude oil by one (1) percent effective January 1, 1999. The reduced rate continued until November 30, 1999, when the average monthly price equaled or exceeded \$20.00 per barrel for three (3) consecutive months. In summary, the severance tax for crude oil was reduced from 6% to 4% for normal production, and stripper and tertiary oil production was reduced from 4% to 3%, effective January 1, 1999, through November 30, 1999.

<sup>2</sup> Rick Meese, State of Wyoming, Revenue and Taxation Division, Mineral Tax Section, Herschler Building, 122 West 25th Street, Cheyenne, Wyoming, 82002-0110, 307-777-7867, Fax, 307-777-7849. Information may also be found at the Wyoming Department of Revenue web site under Mineral Division.

<sup>3</sup> Tertiary production resulting from projects certified by the Wyoming Oil and Gas Conservation Commission after July 1, 1985, and before March 31, 2001, is exempt from two percent (2%) of the severance tax imposed by W.S. 39-14-204(a)(iii) for a period of five (5) years from date of first tertiary production. This tertiary oil tax is applied to incremental production from a baseline calculation. This tertiary incentive has been reenacted effective January 1, 2003 to March 30, 2008 (no tertiary incentive in months where the price exceeds \$27.50/bbl).

<sup>4</sup> Oil produced from previously shut-in wells is exempt from all but 1.5% of severance tax for the first 60 months of renewed production or until the average price received exceeds twenty-five dollars (\$25.00) per barrel for six months, whichever occurs first. The oil well must have been shut in from at least January 1, 1993, to December 31, 1994.

<sup>5</sup> Incremental oil or gas production resulting from a workover or recompletion of an oil or gas well between July 1, 1993, and March 31, 2001, shall be exempt from the taxes imposed by W.S. 39-14-204(a)(iii) and (iv) for a period of twenty-four (24) months immediately following the workover or recompletion.

<sup>6</sup> Oil and gas produced from wells drilled between July 1, 1993, and March 31, 2003, except collection wells, is exempt from the excise taxes imposed by W.S. 39-14-204(a)(iii) and (iv) for the first twenty-four (24) months of production on oil production up to sixty (60) barrels per day or its equivalency in gas production, which for purposes of this subsection shall be six (6) MCF gas production for one (1) barrel oil production, or until the price received by the producer for the new production is equal to or exceeds twenty-five dollars (\$25.00) per barrel of oil or two dollars and seventy-five (\$2.75) per MCF of natural gas for the preceding six (6) month period of time.

<sup>7</sup> Linda Emmons, Wyoming Oil and Gas Conservation Commission, P. O. Box 2640, Casper, Wyoming, 82602, 307-234-7147, or WOGCC website (wogcc.state.wy.us/taxrates.htm)

<sup>8</sup>Heidi Badaracco, Shoshone and Arapaho Minerals Compliance, P.O. Box 830, Fort Washakie, Wyoming, 82514, 307-332-7835.
