Subject: Request from the State Historic Preservation Officer DD 2/26/10

The Wyoming State Office has had a request from the Wyoming State Historic Preservation Officer (SHPO) for a list of all back-logged cultural resource reports. We are working toward a goal of ensuring that BLM Wyoming has no additional issues of foreclosure. Your list must include survey, testing, monitoring, and excavation reports where Section 106 compliance has not been completed. Conclusion of the process occurs through either submission of the applicable report to the Wyoming Cultural Records Office or through consultation with the Cheyenne SHPO Office.

Please separate your list into reports associated with undertakings and reports received without associated applications. It would be helpful if the following columns were used: Name of Report, Date of Receipt, Status (project cancelled, report unreviewed, etc.). For example: Campbell Super Zeta well, road, and pipeline; 12/20/06; unreviewed.

Each Field Office is required to submit this list to the State Office by February 26, 2010. Once the State Office has received a list, a conference call will be set up with the applicable Field Office to review its list. We will then discuss the lists at our monthly meeting with SHPO in March. Any foreclosure situations will be discussed with management and a decision made jointly with SHPO regarding how to process the report.

If you have any questions about this request, please contact Ranel Stephenson Capron at 307-775-6108 or Ranel_Capron@blm.gov or Judyth Reed at 307-775-6017 or Judyth_Reed@blm.gov.
