Instruction Memorandum No. WY-2016-015
Expires: 09/30/2019

To: District Managers
Attention: District/Zone Foresters

From: State Director

Subject: Update of the Bureau of Land Management (BLM) Wyoming Minimum Price List for Forest and Vegetative Products, Management of the 9120 Road Maintenance Account, and Forest Products Special Stipulations

Program Area: Forestry

Purpose: This minimum forest and vegetative product price list updates and replaces the BLM Wyoming Instruction Memorandum (IM) No. WY-2014-019. The list shows both hundred cubic feet (CCF) and thousand board feet (MBF) pricing schemes along with their average conversion factors. A minimum pricing schedule is included for all Special Forest Products (SFP) sales, both personal and commercial. This IM also establishes a standard BLM Wyoming Forest Product Cutting Permit Special Provisions to be included with each Personal Use Vegetative Cash Sale Contract (Form 5450-24). Direction is given for managing the 9120 Road Maintenance Account.

Policy/Action: The prices shown in Attachment 1 are minimum prices for forest product sales. Fair market value must be determined, as required by regulation, by accepted appraisal methods. However, where it is determined that fair market value is less than the minimum product price shown on the attached list; the product can be sold for less than the minimum product price. Authorized Officers may use the minimum price listing schedule as a basis to sell forest products when no market data exists to conduct an appraisal. Appraisal information must be documented in the official case file for the project.

SFP sales will utilize the 5450-24 electronic format unless special circumstances dictate otherwise. This is a cash sale contract and must be paid in full prior to issuance of the contract.

The 9120 Road Maintenance Subactivity funds are derived from the sale of forest products and are to be used only for the repair or maintenance of roads that service forest product harvest areas. This subactivity is managed by the BLM Wyoming State Forestry Lead. Roads servicing forest product harvest areas that require maintenance will be evaluated by the District/Field Office Forester and District/Zone Engineer for cost estimates. Requests to access funds in this subactivity will be submitted to the State Forestry Lead for approval and transfer of funds.

The Authorized Officer will determine when it is appropriate to collect road maintenance fees on sales of forest or vegetative products. When collected, the minimum road maintenance fee will be 20 percent of the total value of the product(s) being sold. This figure will be rounded to the nearest whole dollar. Fees collected for road maintenance will be deposited to the 9120 account.

Each Personal Use purchaser of a Vegetative Sale permit will sign the attached Forest Product Cutting Permit Special Provisions document. Personal use (as defined by CFR43-5400.0-5 Definitions) will use the form unaltered. Commercial Use (as defined by CFR43-5400.0-5 Definitions) permits will have a notation in the notes section to exclude Item #2 of the Special Provisions. A copy will be filed with the Field Office copy of the 5450-24 form. The person purchasing the permit will have a signed copy of these Special Provisions in their possession when gathering forest products on BLM lands covered under the permit. All purchasers will be issued SFP load tickets which must be affixed to the SFP before being transported.

Timeframe: Effective immediately.

Budget Impact: This may reduce the time associated with issuance of small special forest product permits.

Background: The existing price list is from 2014 and the IM is expired. This IM reflects new prices and continues the standardized statewide special provisions stipulation document to the vegetative sales permit process.

Manual/Handbook Sections Affected: 43 CFR Subpart 5400 – Sales of Forest Products and 43 CFR 8365.1-5 Property and Resources. This IM provides for establishment of a minimum acceptable price schedule for commonly used forest products from Wyoming Forest and Range Lands. This also replaces the February 1994 Wyoming Supplement to the H-5420 – Preparation for Sale, Release 5-17, Forest Products Standards and Minimum Price List.

Coordination: This IM was coordinated with the Division of Support Services, Engineering and Property Team (WY 951), Law Enforcement (WY-911), the Districts and the Field Foresters.

Contact: If you have questions pertaining to the sale of forest products or the 9120 Subactivity, please contact Joshua Jackson, Forestry Program Lead at (307) 775-6287.

¹ Several Field Offices have noted that their current index price for forest products is higher than the minimum price list. No attempt is being made to establish a maximum price for any forest product. The local forest products appraiser may establish a higher price for any forest product when based on a local market appraisal. These minimum prices are to be used when no better market data is available. Field Offices experiencing strong demands for forest products should appraise those products to establish their local fair market value.

² Minimum prices for these products apply to Personal and Commercial Uses. The minimum purchase price for a commercial Christmas tree permit is \$60.00. Biomass is in Green Tons, with approximately 40% moisture content.

³ Includes saw timber, house logs, mine timbers, ties, large and small poles.

⁴ The conversion is 1 MBF = 2.0 CCF or 1000 BF/5.0 = 200 CF. This conversion factor may be used when an actual cruise conversion is not available and the conversion factors in the USFS Region 2 Appraisal Bulletins are not applicable.

⁵ All forest products will be sold at or above the State Minimum Price listed for that product unless one of the following criteria is met:

- 1- The authorized officer determines and documents in the official case file that either the net positive benefits to other resources such as forest health, recreation, wildlife, watershed, etc., will occur and that existing forest productivity will not be degraded, or
- 2- An appraisal determines that fair market value is less than the established minimum price.

⁶ Minimum purchase amount for burl wood is 1/4 cord or 20 cubic feet.

⁷ Character wood is wood with distinctive characteristics such as, but not limited to, unique insect galleries in the wood, fire scars/cat faces, bowls in the trunk/main stem or limbs or grows in and unconventional manner that makes it desirable in the making of unique and/or unconventional wood products such as but not limited to furniture, log cabin home construction or large gate entrances for homes and ranches.

NOT TO CUT TREES 1- MARKED WITH ANY COLOR PAINT, PLASTIC RIBBON, AND/OR SIGNS, 2- WITH BIRD CAVITIES (HOLES) OR NESTS AND 3- TREES NOT LOCATED IN AREAS DESIGNATED ON THE MAP FOR FOREST WOOD PRODUCT REMOVAL.
4. TO CUT STUMPS 12 INCHES IN HEIGHT, OR LESS, ON THE UP-HILL SIDE OF TREES. TO LOP AND SCATTER ALL SLASH (TREE LIMBS, TOPS, OR UN- REMOVED DEBRIS LEFT FROM CUTTING) 18 INCHES HIGH OR LESS FROM THE GROUND.
5. TO KEEP TRAILS, ROADS AND/OR EXISTING WAYS, INCLUDING THE DITCHES AND CUT AND FILL SLOPES, FREE OF LIMBS, TOPS, AND OTHER DEBRIS FROM MY (THE CUTTER) CUTTING ACTIVITIES.
6. TO NOT CUT FOREST PRODUCTS (POST/POLES, FIREWOOD, AND/OR CHRISTMAS TREES) IN AREAS CLOSED TO CUTTING, SUCH AS, SIGNED AND/OR POSTED AREAS, INCLUDING HIGH FIRE HAZARD AREAS, TIMBER SALE AREAS, AND **ESPECIALLY NOT IN DEVELOPED RECREATION SITES, CAMP GROUNDS, ETC.** OR ANY OTHER AREA NOT DESIGNATED FOR CUTTING OF FOREST WOOD PRODUCTS ON THE PROVIDED MAP.
7. TO DISPLAY, IN A VISIBLE LOCATION AT THE REAR OF THE LOAD, THE LOAD TICKET FOR THE FOREST PRODUCT BEING TRANSPORTED **BEFORE** THE LOAD IS TRANSPORTED FROM THE CUTTING SITE. EACH LOAD TICKET USED SHOULD HAVE A STAMPED OR WRITEN EXPIRATION DATE ALONG WITH THE MONTH AND DATE PUNCHED-OUT AND/OR REMOVED FROM THE LOAD TICKET. THE NUMBER OF LOAD TICKETS USED SHALL BE EQUAL TO OR GREATER THAN THE VOLUME OF THE LOAD BEING TRANSPORTED.
8. TO KEEP VEHICLES ON EXISTING ROADS AND/OR WAYS DURING WET WEATHER AND TO KEEP VEHICLES ON ROADS IN AREAS THAT ARE CLOSED TO ORV (Off Road Vehicle) TRAVEL.
9. **TO EQUIP ALL POWER SAWS WITH AN EXHAUST SYSTEM IN GOOD REPAIR WITH A SPARK ARRESTER CONSISTING OF A WIRE MESH SCREEN WITH A MAXIMUM MESH OPENING OF .023 INCH.**

EACH SAW IN USE SHALL HAVE A FUNCTIONING FIRE EXTINGUISHER AND SHOVEL WITH IT. THE CUTTER (YOU) IS RESPONSIBLE FOR HAVING A FIRE EXTINGUISHER (5 POUND CAPACITY OR LARGER), SHOVELS AND ALL OTHER NEED FIRE SUPPRESSION TOOLS AVAILABLE FOR IMMEDIATE USE TO YOU IN THE EVENT AN ACCIDENTAL FIRE START SHOULD OCCUR.

- 10. TO USE NO HEAVY EQUIPMENT, SKIDDERS, BULLDOZERS, TRACTORS.
- 11. PAYMENTS FOR FOREST PRODUCT PERMITS ARE NOT REFUNDABLE IN THE EVENT AN AREA CANNOT BE ACCESSED DUE TO INCLEMENT WEATHER OR ANY OTHER NON CONTROLLABLE ACT OF NATURE.

The permittee and those accompanying him/her shall indemnify and hold the USDI BLM harmless from any claims, loss, cost, injury expenses, attorney's fees, damages, or liability caused by or arising out of the exercise of this permit.

I have read and agree to the general stipulations on the permit and these special provisions.

I fully understand that this BLM forest wood products removal permit as well as the loading tickets that accompany it is in NO WAY TRANSFERABLE from one person to another person at any time for any reason.

I also understand that under 43 CFR 5462.3 any violations of this forest wood product removal permit and its special provisions is punishable by a penalty of up to \$100,000 in fines and 1 year in jail.
